

One Acquisition Solution for Integrated Services

Client Snapshot

General Services Administration
OASIS SB—Best-in-Class (BIC)

The One Acquisition Solution for Integrated Services (OASIS) is GSA's next generation contract and an OMB-designated Best-in-Class (BIC) contract vehicle to provide government agencies with total integrated solutions for professional service-based requirements on a global scale. It is a multi-billion dollar contract, providing professional services across all Federal Government agencies.

OASIS Small Business (SB) is the small business set-aside portion of the OASIS contract developed in response to the government's substantial need for a government-wide acquisition vehicle that provides a streamlined solution for all federal agencies. It is designed to reduce duplication of contracting efforts across the government, and to provide agencies with comprehensive, integrated professional services contract options.

WHY CHEVO IS YOUR OASIS-SB PRIME

Given the complexities of providing integrated professional services in today's environment, clients need a proven partner like **Chevo** that they can rely on to achieve their strategic and program goals. We are:

- A proven Prime Contractor with successful experience managing IDIQs and BPAs delivering OASIS-like services for our clients since 2002
- Successful service delivery as proven by our clients' CPARs ratings of 'Exceptional' 93% of the time
- Strong partnerships with small businesses in every socio-economic category and large businesses to help fulfill client's unique requirements and geographic locations
- Consultants that are experts in their domains and are industry recognized
- Expertise across all six core disciplines with the ability to provide Ancillary Services
- Experience in managing large teams with multiple subcontractors and diverse clients.
